ARTIST BIO

Krü Maekdo is a Creative Director specializing in, Multi-Media, Event Planning, Kosmic Rootwork and Astrology. The Black Lesbian Archives was created on June 25, 2017 to build our Community, Educate & Preserve our Culture. While doing some research on Black Lesbian History I noticed that there was a lack of digital representation of Black Lesbians on the web and local resources. IE: libraries, archives, etc. This hub is for Black Lesbians, allies & the LGBTQIA+ community to submit their archives (articles, posters, flyers, mixtapes, videos, photos, audio, publication, poetry, etc of Black Lesbians to this outlet in efforts to preserve the stories of our lives. You can submit to blacklesbianarchives@gmail.com for archive inquiries, questions, etc. Thank you for your support!

TESTIMONIALS

BLACK LESBIAN ARCHIVES

PHOTO BY LAW91MEDIA

- "It was an amazing collection of stories, some familiar to me and others brand-new. It's so important to carry our traditions and sheroes with us into the present and honor them into the future. I also loved that there was the opportunity for folks to share their stories and keep the archive going!"

- HILARY M.

- "This exhibit should have a home in the LGBTQ COMMUNITY to inform and empower Black Lesbian Women that we have always mattered. It needs a stable place to be referenced to at all times."

- LONI K.

- "The exhibits of news articles, magazines, photography, pictures of deceased community activists and their contributions, event participation, entertainers from community, current and past. Videos of Veronica Gray etc. it is important to show our contributions and that we contributed to all. Humanity in a positive manner."

- TORLENE
